

*Getting turned on* will never be the same again

The Strato 800 Series range of premium wallplates blends flat metal picture frame surrounds with attractive modular components, adding a sophisticated finish to modern décor.

The Strato range also has the ability to incorporate **PDL's new push button switch modules**. This allows up to six switches per plate, each with cool blue LED On / Off indication.

- Single and double plate sizes for versatility
- Elegant profile – plates are only 5mm in depth
- Flexible, interchangeable module combinations
- Uses attractive 800 Series modules
- Sockets feature built-in safety shutters
- Compatible with 600 Series modules via module adaptors.

*Strato* the finishing touch for sophisticated interiors
