

NEW from
ZON®

**All-Digital
Multi-Room
Audio**

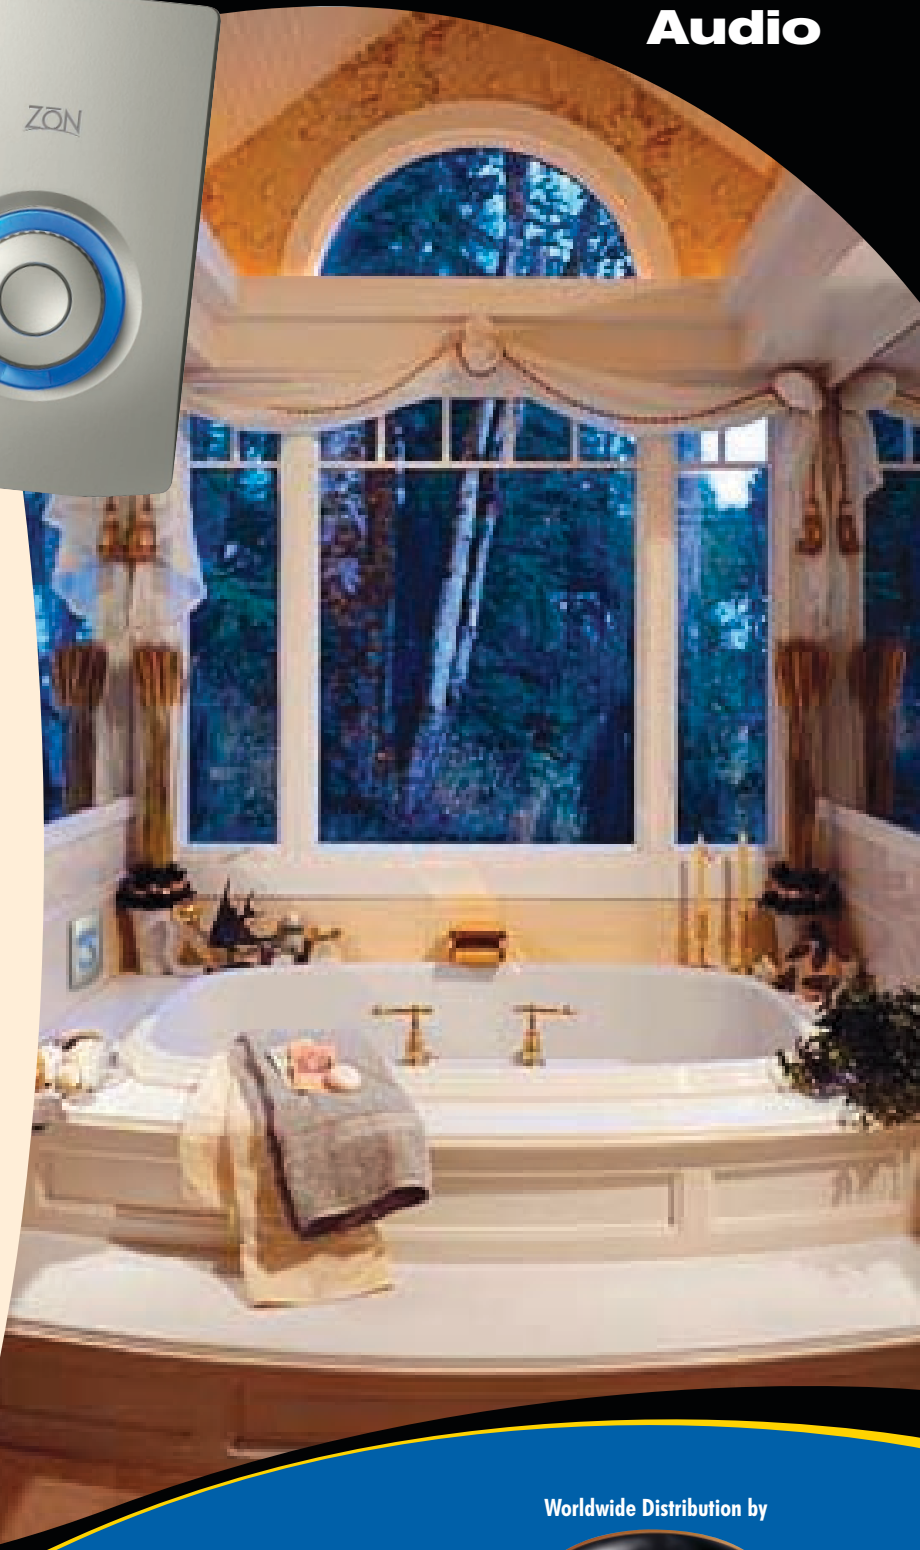

**Multi Featured.
Mini Priced.
iPod® Ready.**

The new half-sized multi-featured ZAC-30™ is an even more cost effective way to expand a ZON system into more locations such as master bathrooms or sunrooms. It's the size of a single gang light switch plate and has many features of the premium ZAC-60 product including ZON's signature digital audio distribution and powerful on-board amplification. Like all ZON products, the ZAC-30 is iPod ready with convenient connection points throughout the home enabling iPod audio and control* in all listening areas. ZON also digitally processes iPod audio right at the connection point ensuring the best sound possible everywhere in your home.

ZAC-30 size compared to ZAC-60

* Control requires \$49.00 naviPod accessory.
